**Fleet Week Disaster
Preparedness Fair
October 7 & 8, 2006
10 am – 4PM**

72hours.org

PARTICIPANTS

(see map for corresponding numbers and locations)

**Blood Centers of the Pacific
(BCP Blood Donor Mobile)**

Victims injured in disasters always increase the need for blood. Blood Centers of the Pacific will conduct a blood drive from 10-3 each day so you can take part in donating the gift of life.

1. California Geological Survey

How close do you live to a major fault line? What's liquefaction and how likely is the ground under your home to liquefy in a disaster? Talk to experts for answers to these questions and more.

2. Neighborhood Emergency Response Teams (NERT)

Want more training on personal preparedness and how you can help your family and neighbors after a disaster? Find out when the next NERT class will be taking place in your neighborhood. Check out demonstrations of cribbing and other emergency response skills.

3. Pacific Gas & Electric

Learn about utility safety, when and how to shut off gas valves and other steps you can take to stay safe in a disaster.

4. California Highway Patrol

Get tips from CHP Officers on vehicle safety during and after a disaster.

5. University of San Francisco

Learn what this city within the City is doing to prepare our community to be "Resources NOT victims".

6. Animal Care and Control

Skilled Animal Control officers respond with Fire and Police to rescue animals from harm's way and transport them to safety at the City's animal shelter.

7. San Francisco Police Department

San Francisco SAFE (10/7 only)

Find out how to organize your neighborhood around safety and preparedness concerns.

8. California National Guard

Check out a National Guard Humvee and hear from Guardsmen about their experiences responding to Hurricanes Katrina and Rita.

9. BART Earthquake Program

Use the shake table to see how a major earthquake affects BART towers and how these BART towers are being strengthened.

10. The Salvation Army

Get information on preparedness and how to participate in your local and national community to support disaster recovery efforts.

11. Emergency Communications Department

Look for special guest appearance by Red E. Fox and get information for kids on 9-1-1. Learn about the Vial of Life program - how to store your medical information where first responders can find it.

12. Office of Emergency Services and Homeland Security

Learn how the OES&HS helps to prepare San Francisco for earthquakes and other disasters. Test your disaster preparedness knowledge with our spinning wheel game.

National Weather Service (10/7 only)

Learn about how tsunamis occur, the possible effects here in the Bay Area and what to do if a tsunami warning is issued. Play the Weather Wheel of Knowledge.

13. Auxiliary Communications Service

Learn about the critical role of HAM radios in an emergency and listen in as HAM radio operators speak to their counterparts around the country.

14. Video Tent

See schedule on other side for list of earthquake and disaster preparedness videos screening in the video tent.

15. Department of Building Inspections

Experts will be on hand to answer

technical questions on building codes and earthquake mitigation for your home. Check out the Department Emergency Command Vehicle for disaster response.

Department of Public Works

Learn about the critical role these "unofficial" first-responders play on the front-line of emergency response.

16. U.S. Army Corps of Engineers

Get tips from the experts on boating safety, earthquake-proofing your home and more. Learn about the unique role the USACE plays in emergency planning and response.

17. San Francisco Sheriff's Department

Learn about the role of the Sheriff's department during a natural or man-made disaster

18. U.S. Coast Guard

19. San Francisco Public Utilities Commission (10/7 only)

The SFPUC water system provides high quality, reliable drinking water to nearly 1.5 million San Francisco residents and visitors. Learn more about how emergency drinking water will be supplied after a major disaster.

United Way HELPLINK / 2-1-1 (10/8 only)

This free, confidential, 24 hour multilingual service connects people in

need to community resources. Learn more about their important role during times of disaster.

20. US Geological Survey

Learn about the origin of earthquake, how they occur, intensity scales, and how a major quake will affect the Bay Area.

CCSF Americorp (10/8 only)

Pick up a personal emergency contact card and learn more on personal preparedness.

San Francisco City Guides (AM only)

Get information on the free walking tours spotlighting San Francisco history, architecture, legends and lore. This October is Neighborhood Walks month—find information on the 60+ tours offered! Visit www.sfcityguides.org for more information.

21. San Francisco Disaster Preparedness Coalition for Animals

Have a pet? Get special tips on how to prepare this important member of your household for a disaster.

22. American Red Cross

Check out the Red Cross Emergency Response Vehicle and the interactive preparedness information for youth and young adults. Bilingual Spanish and Cantonese presenters will be on hand to answer your preparedness questions.
